★★★★★ A Ton of Fun, Especially with the Hoverkart Attachment

Reviewed in the United States on August 1, 2020 Color: Blue+Kart Blue | Verified Purchase

Okay, so hopefully this review covers pretty much everything you need to know about this item. I got the blue hoverboard (with bluetooth) with the hoverkart accessory.

Originally, I had this item at a 4 star, but that was with just the hoverboard itself. But the hoverkart, man that really made it a lot more fun. So in reality, I'd call this a 4.5 star item (rounded naturally to 5 stars, of course).

TLDR: The product works as advertised

but has a few quirks associated with it. The least accessory really makes it even more fun to use for the • Read more

★★★★★ I got this for my nephew who is 15 he loves it.

Reviewed in the United States on August 9, 2020

I set it up so that it was together and working when I gave it to my nephew. When I got it all set up I could not resist taking it for a test drive. During my test drives it worked great with me driving it. I am 5 foot 10 inches and 160lbs. I am not positive what the weight limit is, but I am much larger then my teenage nephew.

One tip I give to new riders is to keep both hands on the handles while driving or you will loose control and crash like I did in the video.

My teenage son was the official tester. He has ridden a few Hoverboard's in his days as a teen and he thought this was one of the better ones he has ridden. Right out of the box it went for a test drive around the house much to the cat's amusement. Great maneuverability, quick response and ease of use. It comes with a built-in Bluetooth speaker which works fine it just not a great sound. The ultra bright LED wheels are really cool and add a nice feature. We got a good couple of hours on the charge right out of the box. Charges easy enough just do not let it over charge - we have had no problems but I would still be cautious charging these batteries. Overall we think it is a fun and very good Hoverboard.

★★★★★ So much fun!!!

Reviewed in the United States on August 3, 2020 Color: Purple+Kart Black | Verified Purchase

This hoverboard is cool!! I got the purple color. It's so bright and rich. I love it!! Combined with flashing lights, you won't be unnoticed! The Bluetooth speaker is a great too! It took me a while to pair it with my phone, because I was looking for a strange coded name like these speakers usually have, but it popped as Bluetooth on my phone. You can control the volume via your phone and blast it as loud as you wish! I couldn't believe how easy it was to set everything up!

I'm new to hoverboarding, so I had to watch some video tutorials to figure how to balance it right and not fall! It took some practice in my hallway, holding on to walls on both sides. It's actually not that difficult.

The cart part makes it even more fun! Since it sits very low, it's not scary for the adults to use it. Assembly instructions were pretty clear to me. It comes with all the parts you need.

Overall, amazing find and totally worth it!!

★☆☆☆☆ Looks Great. Came with major flaws. Returned.

Reviewed in the United States on August 5, 2020

Color: Blue+Kart Blue | Verified Purchase

My son was able to navigate inside house in 10 min. Lights and design all look great. But ended up in disappointment when batteries did not recharge. The kart was even bigger disappointment. Kart on hoverboard is a very poor design. Very difficult to control sitting in the kart. It goes in circular motion. So, I had to return this item. waiting refund. It's a lovely item to gift someone. But this product has some serious flaws.

Question:

I've had this about a month. Grandkids were listening to the music. Went to recharge and it will not

charge. Anyone have any ideas how to fix this?

votes Answer:

Answer:

Although I have not had that problem, I have had the issue of it not staying charged very long at

all. It usually takes 6 Plus hours to charge for approximately a 30-minute ride. I was disappointed

and so is my son.

**** Great hoverboard, great looking, ruggedly built.

Reviewed in the United States on May 7, 2019

Color: Black | Verified Purchase

Bought this for my 11 year old for Xmas. 6 mos in, the thing still works perfectly. Battery takes a long time to recharge (a day or so), but holds a charge for 6-9 hours of active use, which is amazing. The lights on this board make it nice looking. We don't use the music, so I can't comment on that. The board is very responsive, handling is great. It is pretty speedy too. Weight max of 150 appears to be about right, as stepmom rides the thing occasionally too. All around a great purchase. Very happy with it.

★★★★★ Easy to order, got right away, simple to unpack and go - Great for my preteen!!!

Reviewed in the United States on April 25, 2019

Color: Black | Verified Purchase

No fuss and no muss. I like things to be as they are promised and work as expected. I got this six months ago. Gave it to my preteen and he was "off to the races!!". He plugs it in every couple of days and still uses it to go to the mall, his friends house a couple of blocks away, and getting simple things for his mom from the corner store...

It was a big deal for him. Not quite like getting a car - but for a preteen, Ya!! This was my atta boy. I'm still getting smiles and Mom's threat to take it away has gotten his room clean more than once... This product and purchase was TOTALLY WORTH IT!!!

*** My son loves this

Reviewed in the United States on April 5, 2019

We got this for xmas 3.5 months ago. My son has used it probably weekly since. So it has held up. My youngest child was able to learn to use it. It is a lot of fun and easy to learn. I weigh 135lbs and have no problems using it too. The battery will last a few hours which equates to maybe 3-4x of playing with it before it needs to be recharged again. Great buy and would def. buy it again.

★★★★★ HELLO SPEED!!!! IT'S FAST... VERY FAST... BUT EXTREMELY FUN!

Reviewed in the United States on April 20, 2019

Color: Black | Verified Purchase

I got this and the go cart hook up and OMG is this thing extremely fast! I will NOT let my 6 year old daughter ride this without supervision or a helmet. It's so fast it scares me but it's EXTREMELY fun! The battery lasts a long time, I would recommend it for age 11 and up just because of the speed. A kid needs to be responsible enough to look for cars because cars will have a hard time seeing it. I got this instead of one of those jeep cars, It's worth the money for this and the go-cart hook up. https://www.amazon.com/Hiboy-HC-02-Hoverboard-Suspension-Attachment/dp/B07GB88247/ref=sr_1_1_sspa?

★★★★★ Best Gift Ever!!

Reviewed in the United States on September 17, 2019

My 14 yr old daughter LOVES her hoverboard. She learned how to ride it instantly! The lights are bright and the ride is smooth. She enjoys riding around listening to music and even takes out dog for rides as well. She has learned tricks on it and it's comical to watch her ride around the house. She even does chores and sweeps the floor while riding it! Best purchase ever!

★★★★★ Great hooverboard for great price

Reviewed in Canada on April 25, 2019

Color: Black | Verified Purchase

Bought this for my son who has wanted one for a while now but didnt want to spend to much, the price was great starting point. Love the lights on the wheels and the bluetooth speakers my son liked as an added bonus to this hooverboard. The board it self is a little heavy but not owning one before have nothing to compare it to. It has a smooth ride and was easy to use by my 9 year old.

★☆☆☆☆ Great product; but smells terrible

Reviewed in Canada on March 25, 2020

Color: Black | Verified Purchase

I would normally assign 5 stars, but assinged 1 due to issue of odor and off-gassing.

The item smells terrible, and the rubber is clearly leeching some sort of probably toxic odor due to cheap materials. I beleive that the odor is due to cheap vulcanized recycled rubber emmiting VOCs (volatile organic compounds).

I will try some strategies to reduce the odor such as cleaning the rubber.

Apart from that it is a great product. Hours of fun. My son loves it.

**** Exactly as Described. My son loves it!

Hoverboard came on time, as described and my son loves it! We've used it inside and outside. He caught on to it very quickly and the battery lasted about 3 hrs and then we just plugged it in to the wall. It came with the charger. It was also easy to hook up to Bluetooth music!
